

## THE ORGANIZATION

Founded in 1980 and based in Kamloops, British Columbia, Acres Enterprises (Acres) is a multi-disciplined general, industrial and civil construction and development company. Acres has provided integrated construction services to many large-scale construction projects.

Acres specializes in taking projects from conception to completion and has remained successful in a dynamic market by adapting their delivery model to suit each client. Their reputation for professional service has been built upon Acres' consistent ability to deliver quality projects safely while managing both costs and schedule to plan.

Acres team of diversified, tech savvy, construction professionals continually challenge the status quo; innovating around traditional challenges to create opportunities, leveraging new technologies to achieve continuous advances in construction practices.

Acres employs up to 150 industry-specific professionals, gold-seal certified superintendents and foreman who ensure quality work and exemplary service is underpinned by professional processes that support meeting project milestones, budgets and client needs.

## THE SERVICES

Over the last 40 years, Acres has developed a team of highly trained and experienced professionals that provide project management and construction services in the following sectors:

- Civil Contracting
- Heavy Industrial
- Light Industrial
- General Contracting
- Commercial
- Development

Acres Enterprises structures its business into three core departments: General Contracting, Industrial Contracting and Civil Contracting. This multidisciplinary structure allows for seamless cross utilization of resources through all service sectors. Clients find significant efficiencies in using one company with diverse in-house expertise through all development and construction phases of their projects.
